Commitment to Privacy

Your privacy is important to us. To better protect your privacy we provide this notice explaining our online information practices and the choices you can make about the way your information is collected and used.

Information Collected:

The types of personal information we collect include all the information you provide when contacting us via email: shipping and billing name and address, email address, phone number, etc.

Uses of Information:

We use the information you provide when placing an order to complete that order. We do not share this information with outside parties except to the extent necessary to complete that order or to provide services where the outside party is acting on our behalf and has no independent right to use the information we provide (i.e. a third party shipping or customer support center).

We use aggregate information to better design our website. For example, we may tell a potential partner that X number of individuals visited a certain area on our website, or that Y number of people from a certain zip code purchased certain items, but we would not disclose anything that could be used to identify those individuals.

We use return email addresses from your email correspondence to us to answer the email we receive. Such addresses from your correspondence are not used for any other purpose and are not shared with outside parties.

Finally, we do not use or share the personally identifiable information provided to us online in ways unrelated to the ones described above without providing you an opportunity to tell us not to allow such unrelated uses.

Children's Privacy:

Protecting the privacy of the very young is especially important. For that reason, we do not collect or maintain information from those we actually know are under the age of 13.

Data Security:

To prevent unauthorized access, maintain data accuracy, and ensure the correct use of information, we have put in place appropriate physical, electronic, and managerial procedures to safeguard and secure the information we collect online.

(Please remember that no data transmission over the Internet, or by other means, can be guaranteed to be 100% secure.)

Contact Information:

Should you have other questions or concerns about this our privacy policies, please contact us at your convenience.
